25X1 Mr. Reber raised the question of relations between OPC and  
the NSC Senior Staff. He stated that in his and OPC's opinion,  
OPC should have the opportunity to at least see all papers for the  
NSC Senior Staff and/or the Council itself, in order to make comments  
where such comments might be appropriate. Colonel [ ] noted that  
[ ] of ONE would possibly attend NSC Senior Staff Meetings  
with Mr. Dulles, and possibly it might be wise for some designated  
individual from OPC to do likewise. Mr. Reber is to discuss this  
matter with DD/P and recommendations ~~on this matter~~ will be submitted  
to D/DCI.

Colonel Hansen noted that:

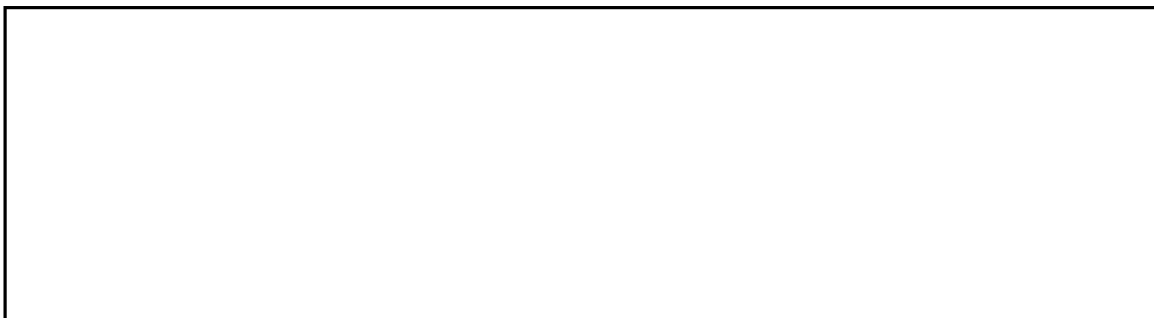

(a) CIA comments on the President's standby speech,  
in case of a breakdown in the peace talks at
